PROFESSIONAL SUMMARY

Dynamic and skilled Digital Content Creator, Graphic Designer, and Multi-Service Technician with hands-on experience in visual branding, digital media, mobile accessories, device maintenance, and basic programming concepts. Adept at leveraging modern AI tools and digital platforms to drive audience engagement, create high-impact promotional graphics, and deliver exceptional technical services.

CORE SKILLS & EXPERTISE

- **Graphic Design & Branding:** Logo creation, custom flyer design, video advertisements, and promotional posters.
- **Digital Content & Media:** Social media content strategy, video production, and audience engagement.
- **Technical & Mobile Services:** Mobile phone repairs, retail management of phone chargers and accessories, media file transfers, and POS machine operation.
- **Programming & Tech:** Foundational knowledge in Python programming, automated prompt engineering, and utilizing digital toolsets.
- **Online Operations:** Freelancing task execution and digital micro-tasking management.

WORK EXPERIENCE

Independent Digital Creator & Graphic Designer

Hadboy Graphic Concepts / HADIYYATULLAH HADBOY DIGITAL

- Designed custom brand identities, marketing flyers, and multimedia ad campaigns for various clients and events.
- Created compelling digital content and video scripts to boost online visibility and audience interaction across multiple social media platforms.

Business Owner & Multi-Service Technician

Retail & Tech Services Venture

- Managed a retail and service venture specializing in mobile phone maintenance, hardware accessories, file transfer services, and electronic transactions via POS systems.
- Handled daily customer service relations, troubleshooting device issues, and ensuring seamless retail operations.

EDUCATION & CONTINUOUS LEARNING

- **Self-Directed Tech & Programming Learning:** Actively studying core programming fundamentals including Python and mobile-based code execution.
- **Creative & Digital Media Training:** Practical execution in modern graphic styling, AI-assisted digital art generation, and online business management.
