

OKORO EBUBECHUKWU PRINCE

COMPUTER SCIENCE UNDERGRADUATE

PROFESSIONAL SUMMARY

Computer Science undergraduate at Babcock University with a strong interest in cybersecurity and hands-on experience building security-focused applications. Completed Cisco Networking Academy's Introduction to Cybersecurity certification and developed a Flask-based SQL Injection Security Lab demonstrating vulnerable and secure authentication implementations. Currently expanding practical knowledge in cybersecurity while seeking a SIWES opportunity to gain real-world industry experience.

TECHNICAL SKILLS

- **Programming:** Python, Java, C, C++, JavaScript
- **Web:** HTML, CSS, Flask, Jinja2
- **Databases:** SQLite, SQL
- **Cybersecurity:** SQL Injection, Secure Coding, Vulnerability Identification and Mitigation
- **Tools:** Git, GitHub, Microsoft Excel, Microsoft Word

CERTIFICATIONS

- Introduction to Cybersecurity: Cisco Networking Academy, September 2026

EDUCATION

Babcock University
B.Sc. Computer Science
Current CGPA: **4.01**

PROJECTS

SQL Injection Security Lab | Python, Flask, SQLite

- Built a web application demonstrating SQL Injection vulnerabilities and secure authentication practices.
- Implemented both vulnerable SQL queries and parameterized queries to demonstrate the difference between insecure and secure database interactions.
- Documented SQL Injection concepts, potential impact, and mitigation techniques.
- Deployed an educational version of the lab using Render.

Tech: Python, Flask, SQLite, HTML, CSS, Jinja2, Git, GitHub
