PROFESSIONAL PROFILE

Motivated ND II nursing student with foundational knowledge of medical terminology and patient care, a willingness to learn, and an interest in remote AI-related tasks such as text annotation, response evaluation, and quality review. Able to follow instructions, pay attention to detail, and approach assigned work carefully and responsibly. Seeking entry-level project opportunities that can fit around study commitments.

EDUCATION

FCT College — ND II Nursing Programme

Currently enrolled; expected completion: 2028/2029.

RELEVANT KNOWLEDGE AND CLINICAL EXPOSURE

Clinical learning exposure through nursing education, including orthopaedic care, antenatal care, labour and delivery, immunisation, and female ward activities. This exposure has helped develop familiarity with healthcare settings, medical terminology, patient comfort, and the importance of accuracy and confidentiality.

This describes educational/clinical placement exposure, not independent professional practice.
